Painting Professionals at your Service!

Dogan Painting is a company based in Bucks County, Pennsylvania. With more than 15 years of broad-based experience, we are prepared to assist you in all of your painting projects from new construction and renovation to historical restoration projects.

Our experience has exposed us to many different facets of the market place, be it simply repainting a kitchen or working on a multi-million dollar project for nationally recognized construction development companies. Some of the businesses we have worked for include religious institutions, retirement communities, luxury homes, banks, and major hotels.

Whether it is interior or exterior painting, wood staining, wallpaper removal and application, pressure washing, caulking, spackling and sanding, in new, existing or historical construction, we are here to offer your peace of mind and assure you the job will be done right!

The painters we employ are truly craftsmen. Our teams of professionals pride themselves in producing a superior quality product in a timely fashion. Our experts have tackled many complex projects and are prepared to assist you in obtaining the look you desire.

Our work endeavors have taken us as far away as Washington, DC and the Delaware shoreline. What sets us apart is that we truly care about developing relationships with the people we work with and thrive on word-of-mouth referrals and positive feedback. We achieve this by striving for excellence in all of our projects.

We offer well-seasoned professionals with knowledge of the latest painting techniques and products. Extensive experience has enabled us streamline our workflow: while we will never cut corners or deliver inferior service, we are committed to being efficient, timely and professional.

We think you will find our company a joy to do business with. Please contact us today, we're at your service!

Best Regards,
